

CURRICULUM VITAE

Personal Data

Full name: Ivan Milenković
Birth place and date: Kruševac, Serbia, 28th June 1984
Nationality: Serbian
Status: Single (no children)

Institutional addresses: Faculty of Forestry and Wood Technology
Mendel University in Brno
Zemědělská 3
613 00 Brno
Czech Republic

Contact data: Telephone: +420732223292
E-mail: ivan.milenkovic@sfb.bg.ac.rs
ivan.milenkovic@mendelu.cz

Websites:

[ResearcherID: \(M-2340-2015\)](#)
[ORCID \(0000-0003-2792-0221\)](#)
[Scopus Author ID: \(57202148549\)](#)

Academic Qualifications

- 2015 PhD in Forest Pathology – University of Belgrade-Faculty of Forestry.
 2009 Graduate Engineer in Forestry-Master – University of Belgrade-Faculty of Forestry.

Previous and Current Scientific and Professional Activities

- Since 05/2018:** Senior Researcher at Mendel University in Brno, Faculty of Forestry and Wood Technology, Zemědělská 3, 613 00 Brno, Czech Republic
- Since 04/2018:** Research Associate at University of Belgrade-Faculty of Forestry, Kneza Višeslava 1, 11030 Belgrade, Serbia
- 02/2017 – 04/2018:** Postdoctoral Researcher at Mendel University in Brno, Faculty of Forestry and Wood Technology, Zemědělská 3, 613 00 Brno, Czech Republic
- 04/2016 – 04/2018:** Research Associate at Institute of Forestry Belgrade, Kneza Višeslava 3, 11030 Belgrade, Serbia
- 03/2013 – 04/2016:** Research Assistant at Institute of Forestry Belgrade, Kneza Višeslava 3, 11030 Belgrade, Serbia
- 02/2011 – 02/2013:** Research Assistant at University of Belgrade-Faculty of Forestry, Kneza Višeslava 1, 11030 Belgrade, Serbia
- 07/2015:** PhD (Forest Pathology).
- 10/2009 – 07/2015:** PhD student. University of Belgrade-Faculty of Forestry, Chair of Forest Protection. Address: Kneza Višeslava 1, 11030 Belgrade, Serbia. Title of thesis: "Diversity of *Phytophthora* species and their role in the decline of broadleaved forest trees in Serbia".
- 09/2009:** Graduated Engineer in Forestry-Master, title: "State and proposal of silvicultural operations in coppice sessile oak and beech forest of the manage unit "Trsteničke Šume". University of Belgrade-Faculty of Forestry, Department of Forestry. Address: Kneza Višeslava 1, 11030 Belgrade, Serbia.
- 11/2004 – 09/2009:** Studies in Forestry. University of Belgrade-Faculty of Forestry, Department of Forestry. Address: Kneza Višeslava 1, 11030 Belgrade, Serbia.

Professional Memberships, Societies and International Networks/Working Units

- Member of Serbian Genetics Society.
- Member of IUFRO Unit 7.02.09 '*Phytophthora* in Forests and Natural Ecosystems'.
- Member of COST Action FP 1103 '*Fraxinus* dieback in Europe: elaborating guidelines and strategies for sustainable management (FRAXBACK)'.
- Member of COST Action FP 1002 'Pathway Evaluation and Pest Risk Management In Transport (PERMIT)'.
- Member of COST Action FP 0801 'Established and Emerging *Phytophthora*: Increasing Threats to Woodland and Forest Ecosystems in Europe'.

Current research interests

Diversity and pathogenicity of *Phytophthora* species in different natural and seminatural ecosystems in Serbia.

Isolation, morphological identification and characterization of *Phytophthora* species.

Ecology of *Phytophthora* species in different natural and seminatural ecosystems in Serbia.

Role of nurseries in introduction and spreading of invasive *Phytophthora* species into different natural forest ecosystems.

Interaction between *Phytophthora* infections and other pathogenic organisms and pests and their role in the decline of forest trees in Serbia.

Root and bark diseases of broadleaved trees.

Decay and rot fungi, their ecology, mechanisms of infections and role in the decline of different broadleaved and conifer host trees in Serbia.

Needle and shoot diseases on pines and firs.

Language skills: (Elementary, advanced, excellent)

	Reading	Writing	Conversation
English	Excellent	Excellent	Excellent
German	Elementary	Elementary	Elementary
Polish	Elementary	Elementary	Advanced

Teaching experience and student supervision

Classes and laboratories taught

04/2016: practical part of the Forest pathology at Technical University of Białystok, Faculty of Forestry in Hajnówka, Piłsudskiego 8, 17-200 Hajnówka, Poland.

12/2015: practical part of the Forest pathology at Faculty of Forestry, University of Banja Luka, Duke Stepa Stepanović boulevard 75a, 78000 Banja Luka, Bosnia and Herzegovina.

02/2011 – 06/2015: practical part of the Ornamental plants pathology, optional subject for Forestry department students at University of Belgrade-Faculty of Forestry, Kneza Višeslava 1, 11030 Belgrade, Serbia.

Seminars and Lectures

Training of scientists

05/2018: Training of members of Phytosanitary Service in Czech Republic, Phytosanitary Unit in Olomouc, on methods for sampling and isolation of *Phytophthora* species from soil and tissue samples. May 09th 2018, Faculty of Forestry and Wood Technology, Mendel University in Brno.

10/2014: Scientific meeting: „Forests of Serbia and Sustainable Development “. University of Belgrade-Faculty of Civil Engineering, Belgrade, Serbia. Oral presentation: „Forest Decline-Biotic and Abiotic Stress “.

Training of foresters and biologists

01/2016: Workshop on the “Prospects and guidelines for coniferous plantation management”, national meeting and international contribution, January 28-29th, Kyustendil, Bulgaria. Oral presentation: „The most common diseases and pests in the coniferous plantations in Serbia”.

05/2014: „Round Table of the Forestry of Serbia“, Chamber of Commerce and Industry of Serbia, Belgrade, Serbia. Oral presentation: „Forest Decline-Causes, Consequences and Activities “.

Training of practitioners

01/2019: The workshop for nursery owners in Czech Republic, January 23rd 2019, Mendel University in Brno. Oral presentation: “Diversity of *Phytophthora* species broadleaved nurseries and plantations in Serbia”.

11/2017: Seminar: Forest Management in Serbia, November 14-17th 2017, Goč Mountain, Serbia. Co-author of the oral presentation: „Actual Phytopathological Problems in Beech Stands in Serbia”

09/2016: Horizon 2020 “Pest Organisms Threatening Europe-POnTE “Management Board Meeting and **Workshop on Emerging Diseases of Forests**, September 27-28th, University of Belgrade-Faculty of Forestry and Faculty of Agriculture, Serbia. Oral presentation: „*Phytophthora* sp. in forest ecosystems in Serbia”.

10/2014: Round table under the title: „Forest Decline “. Novi Sad-Fair, Novi Sad, Serbia. Co-author of the oral presentation: The most important parasitic fungi and their role in the decline of pedunculate oak, Turkey oak and sessile oak in the area of Public Forest Enterprise „Vojvodinašume“.

10/2013: Seminar: Reforestation of Oak Forests-Reforestation of Hungarian and Turkey oak forests, Lipovica-Belgrade. Oral presentation: The most important diseases and pests in the coppice forests of Hungarian and Turkey oak.

Research and Professional Services

Participation in R&D projects and cooperation

Since 02/2017: *Phytophthora* Research Centre; (CZ.02.1.01/0.0/0.0/ 15_003/0000453).

Since 11/2015: H2020-SFS-2014-2- PonTE: „Pest Organisms Threatening Europe“ (Project Number: 635646).

01/2015 – 04/2018: Works of the public interests in the area of diagnostics of harmful organisms and health protections of forest plants on the territory of Republic of Serbia, without territory of AP Vojvodina, 2015–2019 years (Coordinator: Dr Mara Tabaković-Tošić, Scientific Advisor). Funded by the Ministry of Agriculture and Environmental Protection, Republic of Serbia.

Since 02/2011: National Project TR37008, Sustainable management of total forest potentials in Serbia. Funded by the Ministry of Education, Science and Technological Development, Republic of Serbia.

10/2014 – 11/2016: Morpho-anatomical and physiological changes on woody plant species in the parks of Belgrade as indicator of environment status (Leader Dr Ljubinko Rakonjac, Scientific Advisor; coordinator Dr Baranislava Batos). Founded by Municipality of Belgrade, Secretary for Environmental Protection.

2014 – 2015: Studies of the causes of forest declines with the prognoses of occurrence and dynamics of this phenomenon and with the ways of sanations from the aspects of forest protection and management (Coordinator: Dr Zlatan Radulović, Research Assistant). Funded by the Ministry of Agriculture and Environmental Protection, Republic of Serbia.

2012 – 2013: Studies of the causes of decline of roots systems in broadleaved forests in Serbia (Coordinator: Dr. Nenad Keča, ass. prof.). Funded by the Ministry of Agriculture, Forestry and Water Management, Republic of Serbia.

2012 – 2013: Studies of the causes of „Beech bark disease“ in natural and copice beech forests in Serbia (Coordinator: Dr Dragan Karadžić, full prof.). Funded by the Ministry of Agriculture, Forestry and Water Management, Republic of Serbia.

01/2012 – 11/2014: COST Action FP 1103 ‘*Fraxinus* Dieback in Europe: Elaborating Guidelines and Strategies for Sustainable Management (FRAXBACK)’. Funded by the European Commission.

11/2010 – 11/2014: COST Action FP 1002 “Pathway Evaluation and Pest Risk Management In Transport (PERMIT)”. Funded by the European Commission.

10/2010 – 12/2012: FP7 Project PHYSEE-ERA 138/01, “Diversity of invading *Phytophthora* spp. plant pathogens in agro and forest ecosystems in Southeast Europe” (Coordinator Dr. Slavtcho B. Slavov). Funded by the ERA-NET Plus Actions.

2009 – 2010: Occurrence and role of *Phytophthora* species in oak forests decline in Serbia, 2009-2010 (Coordinator: Dr. Nenad Keča, ass. prof.). Funded by the Ministry of Agriculture, Forestry and Water Management, Republic of Serbia.

11/2008 – 11/2012: COST Action FP 0801 “Established and Emerging *Phytophthora*: Increasing Threats to Woodland and Forest Ecosystems in Europe”. Funded by the European Commission.

Scientific research in foreign countries

- 2019: Ukraine** (Research visit to the Ukrainian National Forestry University (Національний лісотехнічний університет України) Chuprynky st. 103, Lviv, 79068, Ukraine (вул. Генерала Чупринки, 103, м. Львів, 79057, Україна). Field and laboratory work on: “Diversity and distribution of *Phytophthora* species in different natural ecosystems in Ukraine”, from 02.07.-11.07.2019).
- 2019: Montenegro** (Research visit to the National Parks “Durmitor” and “Biogradska Gora”, Montenegro. Field and laboratory work on: “Diversity of *Phytophthora* species in natural ecosystems in Montenegro”, from 11.05.-15.05.2019).
- 2019: Bosnia and Herzegovina** (Research visit to the University of Banja Luka, Faculty of Forestry, Stepa Stepanovic boulevard 75a, 78000 Banja Luka, Bosnia and Herzegovina. Field and laboratory work on: “Diversity of *Phytophthora* species in natural ecosystems in Bosnia and Herzegovina”, from 04.05.-08.05.2019).
- 2019: Slovakia** (Research visit to the Technical University of Zvolen-TUZVO, T. G. Masaryka 24, 960 01 Zvolen, Slovakia. Field work on: “Performing of pathogenicity test on clonal poplar trees in field conditions using two different *Phytophthora* species”, from 24.05-25.05.2019).
- 2018: Indonesia/Sumatra** (Research visit to the AAA R&D, PT. Riau Andalan Pulp and Paper, Sumatra, Indonesia. Field and laboratory work on: “Sampling and isolation of *Phytophthora* species from nurseries and plantations of the AAA R&D, PT. Riau Andalan Pulp and Paper company in Sumatra”, from 24.10.-13.11.2018).
- 2018: Indonesia/Sumatra** (Research visit to the AAA R&D, PT. Riau Andalan Pulp and Paper, Sumatra, Indonesia. Field and laboratory work on: “Sampling and isolation of *Phytophthora* species in different natural and seminatural ecosystems in Sumatra”, from 16.08.-24.09.2018).
- 2018: Norway** (Research visit to the Norwegian Institute of Bioeconomy Research – NIBIO, Postbox 115 NO-1431 Ås, Norway. Field and laboratory work on: “Sampling, isolation and determination of diversity of *Phytophthora* and related organisms in natural ecosystems in Norway”, from 06.07.-23.07.2018).
- 2018: Slovakia** (Research visit to the Technical University of Zvolen-TUZVO, T. G. Masaryka 24, 960 01 Zvolen, Slovakia. Field work on: “Performing of pathogenicity test on clonal poplar trees in field conditions using two different *Phytophthora* species”, from 31.05-01.06.2018; 30.07-31.07.2018).
- 2017: Portugal** (Research visit to the university of Algarve - UAlg, Estr. da Penha 139, 8005-139 Faro, Portugal. Laboratory work on: “Final assessments and evaluation of native Portuguese forest tree species subjected to the pathogenicity test with different *Phytophthora* pathogens in Portugal”, from 17.10.-02.11.2017).
- 2017: Montenegro** (Research visit to the National Park “Durmitor”, Montenegro. Field and laboratory work on: “Diversity of *Phytophthora* species in natural ecosystems in Montenegro”, from 24.09.-08.10.2017).
- 2017: Sweden** (Research visit to the Swedish University of Agricultural Sciences - SLU, Almas Allé 8, 750 07 Uppsala, Sweden. Field and laboratory work on: “Sampling, isolation and determination of diversity of *Phytophthora* species in natural ecosystems in north Sweden”, from 26.08.2017-14.09.2017).
- 2017: Germany** (Research visit to the “*Phytophthora* Research and Consultancy”, Am Rain 9, Nußdorf, Germany. Field work on: “Root assessment of *Quercus robur* (Stuttgart) and *Fagus sylvatica*

- (München), after long-term treatment with anti-Phytophthora phosphites”, from 14.08.-19.08.2019).
- 2017: Slovakia** (Research visit to the Technical University of Zvolen - **TUZVO**, T. G. Masaryka 24, 960 01 Zvolen, Slovakia. Field work on: “Performing of pathogenicity test on clonal poplar trees in field conditions using two different *Phytophthora* species”, from 20-21.06.2017; 09.-13.08.2017; 20-21.11.2017).
- 2017: Montenegro** (Research visit to the Forest district Šavnik, and National Park “Biogradska Gora”, Montenegro. Field and laboratory work on: “Diversity of *Phytophthora* species in natural ecosystems in Montenegro”, from 05.06.-12.06.2017).
- 2015: Poland** (Short Term Scientific Mission within Cost Action TD 1102, at Forest Research Institute-IBL, Sekocin Stary, Poland. Project title: “Nurseries as a source of introduced alien *Phytophthora* species in the planted forests in Serbia”, from 16.11.2015 to 11.12.2015).
- 2014: Poland** (Short Term Scientific Mission within Cost Action FP 1102, at Forest Research Institute-IBL, Sekocin Stary, Poland. Project title: “Morphological and molecular identification of *Mycosphaerella pini* Rostrup apud Munk from symptomatic Austrian pine needles in Serbia”, from 30.06.2014 to 31.07.2014).
- 2013: Poland** (Short Term Scientific Mission within Cost Action FP 1002, at Forest Research Institute-IBL, Sekocin Stary, Poland. Project title: “Water and soil as a source and pathway in deciduous broadleaved stands and nurseries in Poland”, from 26.04.2013 to 10.05.2013).
- 2012: Poland** (Short Term Scientific Mission within Cost Action FP 1103, at Forest Research Institute-IBL, Sekocin Stary, Poland. Project title: “Interaction between *Chalara fraxinea* and *Phytophthora* species and their role in ash decline and dieback”, from 15.08.2012 to 28.12.2012).
- 2011: Poland** (Short Term Scientific Mission within Cost Action FP 0801, at Forest Research Institute-IBL, Sekocin Stary, Poland. Project title: “Identification of *Phytophthora* species in Poland and Serbia based on morphological and molecular patterns”, from 4.10. 2011 to 28.12.2011)

Training schools and courses

- 2016: France** (Training School on „Detection and Diagnosis of *Fusarium circinatum*” (Cost Action FP1406 PINESTRENGTH), ANSES Laboratoire de Santé des Végétaux, Unité de Mycologie, Domaine de Pixérécourt, 12-14 April 2016, F-54220 Malzéville (Nancy).
- 2014: Poland** (Training School on „Identification and Molecular Detection of Invasive Alien Species (IAS) in Forest Ecosystems” (FP1002 PERMIT COST Action), Forest Research Institute-IBL, 08-10 July 2014, Sekocin Stary).
- 2012: Poland** („Life Technologies™ Basic Real-Time PCR Training course”. Warsaw, 20.11.2012
- 2012: Poland** (Szkolenie z zakresu „Optymalizacji reakcji sekwencjonowania DNA z prób roślinnych i grzybowych (Oomycetes) oraz projektowanie sond DNA” (Optimization of sequencing reactions of Oomycetes DNA, and designing of DNA sonds), 25 – 26.10.2012, Warszawa).
- 2011: Poland** (International „Training School on Detection and Diagnosis of *Phytophthora* in Forest Ecosystems” (COST Action FP0801) 28 June to 1 July 2011, Sekocin Stary).
- 2011: Serbia** (Workshop „Skills for the Protection of Forests – Detection of the Symptoms of *Phytophthora* spp. in the Oak Forests”, 14th May 2011, Belgrade).
- 2010: Serbia** (International Summer School: “Influence of Global Environmental changes on Natural Ecosystems” – IGENE, September 6th - September 11th, 2010 Belgrade).
